ITEM DESCRIPTION

Small LED modules tend to get tangled during unpacking and installation. That is frustrating and time consuming. To make it easier, we have designed a special packaging card for the Crown MINI series modules and an accompanying holder.

APPLICATION

- Unpacking of Crown MINI modules

FEATURES & BENEFITS

- Designed as an accessory for the Crown MINI Series
- The accessory can be mounted in any orientation – horizontally, vertically or even upside down!

TIP: Mount the card holder to a magnet and use it on steel beams or brackets.

UNPACKING

1. Attach the accessory to a desired surface using the included double-sided tape or screws.
2. Click in the packaging card into the holder.
3. To separate the packaging card from the holder, lift the labeled lever and pull the card out.
